

Request for Assistance

Welcome! Counseling and Special Services at Coastal Pines Technical College coordinates support services for CPTC students and prospective students who request assistance or accommodations and academic adjustments. We are committed to providing equal access for participation in all programs, services, and activities. The Rehabilitation Act of 1973 and [Americans with Disabilities Acts of 1990](#) mandate that educational institutions provide students with disabilities the necessary accommodations to ensure equal access to all academic and co-curricular programs and services. Students requesting accommodations for the first time need to make an appointment for a meeting with the Counseling and Special Services Director to establish eligibility. Early planning is encouraged to allow Special Services adequate time to make the necessary arrangements for support services.
