

Coastal Pines Technical College 2023 Annual Security Report

LETTER FROM THE PRESIDENT

Coastal Pines Technical College's (CPTC) mission is to support the workforce development and lifelong learning needs of communities, businesses, and industries. Providing a safe and secure environment for our students, employees, and visitors is of critical importance in fulfilling that mission.

CPTC works hard and uses multiple approaches to reduce the risk and potential for crime. A strong law enforcement presence on campus is the most visible approach. The College has a Police Department that leads our College-wide security efforts. The Department is staffed by full-time, POST certified police officers and supplemented with full-time security officers. Part-time officers provide additional security.

The Campus Chief of Police works with local and state law enforcement agencies in our communities to provide regular safety exercises and presentations that help train and prepare our employees on how to recognize and respond to emergencies. These exercises and presentations are a required part of our annual staff development activities for all employees.

The Chief also participates in new student orientation and provides students with safety tips and information about security services and identifying and responding to threats. CPTC is committed to encouraging our students to be educated and aware of safety issues. The College also has an emergency alert system that alerts students and employees with emergency notifications via text and email.

By incorporating multiple approaches to safety, the College demonstrates our commitment to providing a safe and secure campus for our CPTC family. If you have any questions concerning the information contained in this report or campus safety in general, contact Chief of Police Ethan Johnson at 912-287-4027.

Lonnie Roberts, President

Voluntary, Confidential Reporting

Reporting crimes or emergencies is voluntary. Community members, students, employees and visitors are encouraged to promptly and accurately report all crimes and security related incidents to the CPTC Chief of Police at (912) 287-4027, or the appropriate local law enforcement agency. When attending a CPTC class or CPTC sponsored function at an off-campus location, College police officers may be assigned to the event for security purposes. Coastal Pines Technical College does not recognize any non-campus organizations, but student organizations may sponsor an event at an off-campus facility. If a College police or security officer is not present, the local law enforcement agency will be responsible for responding to a crime or incident and is asked to report any problems to the CPTC Chief of Police at (912) 287-4027. All crimes should be reported to the CPTC Police Department for reporting purposes.

The Coastal Pines Technical College Police Department does not have a process for voluntary confidential reporting due to state open-records laws. Victims of a crime that do not want to pursue action within Coastal Pines Technical College or within the criminal justice system, may make a report anonymously. Individuals that would like to remain anonymous may report information about illegal activities and/or academic dishonesty on campus by going to the Coastal Pines Technical College home page and clicking on the link About CPTC – Report a Safety or Security Concern: https://ies-pub.coastalpines.edu/CPTC/Campus_police/Anonymous_Tip/BIT_Input.cfm. The College will keep an accurate record of the number of incidents involving students to determine where there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community to potential danger.

To report a crime an instructor or staff member should take the following steps:

1. Provide the student with information on procedures for reporting the crime to CPTC Police Department.
 - a. Report an emergency situation by **dialing 911**.
 - b. Report a crime or other non-emergency event by contacting the CPTC Chief of Police, (912) 287-4027.

Counselors or advisors are encouraged to inform persons they are counseling or advising about the ability to report an incident using the Online BIT report for inclusion in the annual disclosure of crime statistics.

2. Inform students that confidential reports may be made to the Counseling & Special Services Director, Jesup Campus, Student Affairs Suite, Room J-1159, 1777 West Cherry Street, Jesup, GA 31545, (912) 424-3645, krutland@coastalpines.edu. All information reported to CPTC Police will be redacted to protect identities and will be used for the purpose of maintaining accurate crime statistics to be included in the CPTC Annual Security Report, as required by the Clery and Campus Crime Statistics Act.

Reporting Crimes to the CPTC Police Department

Accurate and prompt reporting of all crimes to the CPTC Police Department and other appropriate law enforcement agencies is encouraged when the victim of a crime elects and is physically and mentally able to make a report.

In addition to reporting crimes to CPTC Police Department, crimes and emergencies may be reported to certain College officials who are deemed Campus Security Authorities. These individuals include but are not limited to the administrative leadership in Academic Affairs, Student Affairs, Human Resources, Title IX Coordinator, and club and organization advisors to students. If a crime is reported to any of these individuals, basic information about the type of crime and the location where it occurred will be shared with the College Police for the purpose of investigation, timely warning, and inclusion in the Annual Security Report.

Behavioral Intervention Reporting

Coastal Pines Technical College has a multidisciplinary team of trained individuals who review incidents concerning behaviors exhibited by students and employees called the Behavioral Intervention Team (BIT).

The Behavioral Intervention Team was established to assist in addressing situations where students and employees are displaying behaviors that are disruptive, threatening, or concerning in nature that potentially impede their own or others' ability to function successfully or safely.

- It is the responsibility of students and employees to immediately report any situation that could possibly result in harm to anyone at the College.
- Any member of the campus community may become aware of a troubling person or situation that is causing serious anxiety, stress, or fear.

The Behavioral Intervention Team is committed to promoting safety via a proactive, coordinated and planned approach to the identification, prevention, assessment, management, and reduction of interpersonal and behavioral threats to the safety and wellbeing of Coastal Pines Technical College students, employees and visitors.

- BIT website: <https://coastalpines.edu/services/behavioral-intervention-team>
- Reporting Form: https://ies-pub.coastalpines.edu/bit/bit_input.cfm
- BIT Team Email: BIT@coastalpines.edu

Anyone observing behavior that raises concern, makes others feel unsafe, or any behavior that is threatening, disruptive or destructive should submit a report to the BIT. The report form is located on the College website at https://ies-pub.coastalpines.edu/bit/bit_input.cfm. The form can be completed anonymously. If undecided whether a report should be completed, err on the side of caution and submit the form. An explanation of the behaviors observed can also be submitted to the team at BIT@coastalpines.edu.

Once a report is received, a BIT member having administrative responsibility for the person of concern may conduct a preliminary response meeting. Other appropriate BIT members may be consulted and included during this initial evaluation. These BIT members will conduct an investigation and, if appropriate, convene the BIT for an emergency meeting.

Officers' Jurisdiction

According to Georgia state law, O.C.G.A. 20-8-2, on the campus of an educational facility, a college police officer employed by such educational facility who is certified in accordance with O.C.G.A. 20-8-3 and when authorized by the governing body or authority of such educational facility shall have the same law enforcement powers, including the power of arrest, as a law enforcement officer of the local government with police jurisdiction over such campus. All CPTC police officers have the power of arrest and the authority to enforce all state laws, and according to O.C.G.A. 20-4-39 "shall have the power to make arrests for offenses committed upon any property under the jurisdiction of the Technical College System of Georgia and for offenses committed upon any public or private property within 500 feet of such property."

TIMELY WARNING

Coastal Pines Technical College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system(s), unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

A timely warning is considered for distribution to the CPTC community for all Clery Act crimes that are reported to (1) CPTC Police Department, (2) Campus Security authorities, and (3) determined by the institution to represent a serious or continuing threat to students and employees. Such warnings shall be provided to students and employees in a timely manner that withholds as confidential the names and other identifying information of victims and provides protective advice that will aid in the prevention of similar occurrences.

The decision to issue a timely warning shall be decided on a case-by-case basis. The Chief of Police, or his designee, is primarily responsible for making the recommendation to the President for initiation of the primary communication system. Certain specific information may be withheld from a warning if there is a possible risk of compromising law enforcement efforts. A timely warning report would be distributed if a crime occurs that would pose a serious or continuing threat to the CPTC community. Timely warnings may also be posted for other crime classifications, as deemed necessary.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The CPTC Emergency Operations Plan is designed to provide a resource for CPTC students and employees to assist with information and provide guidelines in planning and responding in a crisis. This plan is not all inclusive but does provide the basic administrative guidelines necessary to cope with most campus emergencies.

This plan contains the "best practices" and information about Emergency Guidelines for the campus community, College emergency procedures, pre-emergency planning and performance expectations, "shelter-in-place", "secure-in-place" and evacuation guidelines, and contingency plans. A test of the Emergency Response System will be conducted annually, and the results made public as part of the annual security disclosure.

Examples of emergencies that may warrant such a notification include but are not limited to: an active shooter on campus, hostage/barricade situation, a riot, credible bomb threat, a tornado, a fire/explosion, suspicious death, structural damage to a College-owned or controlled facility, significant flooding, a large gas leak, or a significant hazardous material release. This procedure can be found in the [CPTC Procedure: CPTC Police Department Authority, Notification and Reporting Guidelines](#).

Training, Drills, and Exercises

CPTC conducts numerous emergency response exercises on campus each year, such as fire drills, evacuation drills, active shooter exercises and tests of its emergency mass notification system.

What is Shelter-in-Place/Secure-in-Place

Sheltering in place provides protection from external hazards, minimizes the chance of injury and/or provides the time necessary to allow for a safe evacuation. Depending on the hazard, all constituencies may be required to move to locations without windows, or to a designated weather shelter (as in the event of severe weather).

A Shelter-in-Place may be issued for several reasons:

- Severe weather,
- Hazardous materials,
- Or any situation where there is a direct environmental threat and it is best to remain in the current location to avoid an outside threat.

Shelter-in-Place/Secure-in-Place Procedures:

- Remain CALM
- Recommend students and others not to leave or go outside.
- If outside, immediately seek shelter inside the nearest building.
- Reference posted illustrations for nearest predetermined safe area.
- Move immediately to a predetermined safe area or to a safe area that is free of any windows and is as close to the center of the building as possible.
- Close all windows, exterior doors, and any other openings that lead to the outside.
- Avoid overcrowding by selecting several rooms when necessary.
- If possible, sit, kneel or crouch and face the wall.
- Remain in the safe area until an “all clear” has been indicated.
- Remain alert for instructions and updates as they become available from the emergency personnel and College administrators.

Response to Acts of Violence on Campus

Coastal Pines Technical College is committed to the protection of its students, employees, and visitors against acts of violence. Acts of violence could include, but not limited to, active shooter situation, hostage situations, workplace violence, and terrorism.

In the event of an act of violence situation, individuals are encouraged to follow the “Run, Hide, Fight” concept considering these procedures:

1. **Evacuate (Avoid the Attacker)**
 - a. Exit the building immediately, when it is safe to do so.
 - b. Move to safe location away from the incident.
 - c. Leave belongings behind that will slow you down.
 - d. When you see police vehicles, move toward them when it is safe to do so with your hands on your head and present no threat to them.
 - e. Follow the directions of any emergency responders you encounter.
2. **Secure-in-Place (Deny Entry to the Attacker)**
 - a. Remain in place or hide if moving is unsafe.
 - b. Lock and barricade doors, block windows and close blinds.
 - c. Turn off lights, if possible.
 - d. Silence all noise-producing sources, including cell phones.
 - e. Take cover behind dense, solid objects that might be effective in stopping bullets or explosions.
 - f. If you are in a room with others, spread out in the room, keep quiet, and determine a plan of attack if an armed person enters your room.
3. If you are faced with a shooter, you have a choice to make, and only you can make the choice. You can stay still and hope they don't shoot you, run for an exit while zigzagging, or even attack the shooter (**Defend Yourself**). This is very dangerous. A moving target is much harder to hit than a stationary one and the last thing the shooter will expect is to be attacked by an unarmed person. Any option you choose may still result in a negative consequence.

Fire Safety Policies and Statistics

Coastal Pines Technical College does not provide on-campus student housing; therefore, fire statistics are not required.

Missing Student Notification

Coastal Pines Technical College does not provide on-campus student residential facilities; therefore, the missing student notification procedures are not required.

Emergency Notification to the Community about an Immediate Threat:

Coastal Pines Technical College will immediately distribute an emergency notification warning to the campus community upon confirmation of a significant emergency or dangerous situation on campus involving an immediate threat to the health or safety of students or staff, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Examples of emergencies that may warrant such a notification include but are not limited to: active shooter on campus, hostage/barricade situation, riot, credible bomb threat, tornado, fire/explosion, suspicious death, structural damage to a College-owned or controlled facility, significant flooding, large gas leak, or significant hazardous material release.

Authorization of the CPTC Emergency Notification System

The College will take into account the safety of the College community by determining the content of emergency notifications and when warranted, initiate the notification system.

The College Chief of Police is responsible for determining (1) if there is a significant security-related emergency, (2) who to notify, (3) the content of the notification and (4) making the recommendation to the President that the notification system should be initiated.

The President will evaluate all available information and determine what type of response is needed.

Depending on the situation, the President may use witness information, law enforcement information, weather information, alerts from local Emergency Management Agencies, and news sources to make a determination.

CPTC's emergency notification system is used to send emergency communications and other important information via desktops, phones using the emergency alert app, and email. The CPTC Police Department will test the system and keep a record of the tests. Students and employees enrolled in certificate, diploma and/or degree programs are automatically added.

Adult Education, Continuing Education and Corporate Training students; facility rental and event guests; and all others may request to be added to the system to receive alerts. After being added, participants can then access account alerts.

Human Resources (HR) will automatically add new employees to the emergency notification system, as e-mail addresses are assigned to new employees. HR will provide new employees with their username and password. Employees may add their own additional information such as phone numbers to receive emergency text message alerts. In the event they do not want to receive such notifications, employees have the option to opt out of notifications.

Announcements regarding the closing or interruptions of service of Coastal Pines Technical College due to emergency conditions will be posted to the CPTC website and sent via email to employees and students. Because CPTC serves a large thirteen-county geographic area, weather conditions may vary among the counties. Students should use their own judgment regarding the safety of travel conditions.

Security of and Access to College Facilities

While classes are in session Coastal Pines Technical College is open to students, parents, employees, contractors, guests, and invitees. During normal business hours and into the evening hours for night classes and activities, access to CPTC facilities is through unlocked doors. After regular hours, which includes, when

classes and events are completed, CPTC staff will make rounds and secure doors by locking them. Persons wanting to enter after hours must have approval from their immediate supervisor.

Security cameras are placed in strategic locations around the campus, in some of the facilities for safety reasons, and most of the parking lots. Specific building interior facilities have interior cameras focused on areas of higher risk, such as facility entrances, elevators, telecommunication rooms and Bookstores.

Upon College closure due to inclement weather (e.g.; snow or icy conditions) or other instances when “sheltering-in” is required, CPTC employees may stay in a building after it has been locked. In certain instances of severe weather that do not require a campus closure (e.g., tornado watch or warning), leaving from a campus building will be discouraged, and all employees will be asked to gather in their designated storm-shelter areas.

Security Considerations for the Maintenance of Campus Facilities

Facilities are maintained in a manner that minimizes hazardous conditions. The Coastal Pines Technical College Maintenance Department and Police Department regularly inspect the campus and report malfunctioning lights and other unsafe physical conditions to the Facilities Director for corrections. Other members of the College may also report equipment problems through the online Maintenance Ticket Request system.

Personal Safety and Crime Prevention on Campus

All members of the campus community share responsibility for ensuring their personal safety and securing their personal property. Coastal Pines Technical College places priority on providing a safe and secure environment. Orientations are conducted for new students and employees to inform them of safety and security services offered.

Sex Offender Registry and Access to Related Information

Federal legislation requires certain convicted sex offenders to notify the state of Georgia of each institution of high education at which the individual is a student or employed.

The Federal Campus Sex Crimes Act, enacted on October 28, 2000, became effective on October 28, 2002. This law mandates that institutions of higher education issue a statement advising the campus community where sex offender information provided by a state may be obtained. The GBI Sex Offender Central Registry may be accessed at <http://gbi.georgia.gov> under services.

It is the purpose of this procedure to ensure that all students at Coastal Pines Technical College are provided access to a safe educational environment free from any discrimination on the basis of gender. Consent: In TCSG Procedure: Sexual Harassment and Misconduct. Consent is explicit communication and mutual approval for the act in which the parties are/were involved. A sexual encounter is considered consensual when individuals willingly and knowingly engage in sexual activity. Consent cannot be procured by the use of physical force, compelling threats, intimidating behavior, or coercion. The use of coercion can involve the use of pressure, manipulations, substance, and/or force. Ignoring the objections of another person or pressuring them is a form of coercion. Knowingly engaging in sexual activity with someone who is incapacitated (by alcohol or drug use, unconsciousness or other forms of helplessness) does not constitute consent and is a violation of this procedure.

Incapacitation: a state where an individual cannot make an informed and rational decision to engage in sexual activity because of a lack of conscious understanding of the fact, nature, or extent of the act and/or is physically helpless. For example, an individual is incapacitated, and therefore unable to give consent, if the individual is asleep, unconscious, or otherwise unaware that sexual activity is occurring. An individual will also be considered incapacitated if the person cannot understand the nature of the activity or communicate due to a mental or physical condition. Incapacitation may result from the use of alcohol, drugs, or other medication. Consumption of alcohol or other drugs alone is insufficient to establish incapacitation. The impact of alcohol and drugs varies from person to person, and evaluating incapacitation requires an assessment of how the consumption of alcohol and/or drugs impacts an individual's: (1) decision-making ability; (2) awareness of consequences; (3) ability to make informed judgments; or (4) capacity to appreciate the nature and quality of the act.

Sexual Assault: Any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent.

- In Georgia, O.C.G.A 16-6-5.1, sexual assault is defined as “sexual contact” that is perpetrated by “a person who has a supervisory or disciplinary authority over another individual.”

Rape is the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

- In Georgia, Rape is defined under O.C.G.A 16-6-1 as a “male having carnal knowledge of a female forcibly and against her will. Carnal knowledge in rape occurs when there is any penetration of the female sex organs by the male sex organs”. The Code recognizes that rape can occur even between spouses so the defendant cannot use the fact that he is married to the person accusing him of rape as a defense. Rape is punishable by death, life imprisonment with or without parole, or a minimum of 25 years imprisonment, followed by probation for life.

Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

- Georgia State code 16-6-22 defines incest as follows:
A person commits the offense of incest when such person engages in sexual intercourse or sodomy, as such term is defined in Code Section 16-6-2, with a person whom he or she knows he or she is related to either by blood or by marriage as follows; (1) Father and child or stepchild; (2) Mother and child or stepchild; (3) Siblings of the whole blood or of the half-blood; (4) Grandparent and grandchild; (5) Aunt and niece or nephew; or (6) Uncle and niece or nephew.

Statutory Rape is sexual intercourse with a person who is under the statutory age of consent.

- Georgia State code 16-6-3 states:

A person commits the offense of statutory rape when he or she engages in sexual intercourse with any person under the age of 16 years and not his or her spouse, provided that no conviction shall be had for this offense on the unsupported testimony of the victim.

Violence Against Women Act (VAWA) offenses

On March 7, 2013, the Campus Sexual Violence Elimination (SaVE) Act was signed into law by President Obama. This Act requires colleges and universities to have and disclose procedures to respond to reports of domestic violence, dating violence, sexual assault and stalking. The SaVE Act also requires all Title IV institutions to provide primary and ongoing sexual assault awareness and prevention training to all students and employees.

Definitions of Violence Against Women Act (VAWA)

Domestic Violence is defined as a felony or misdemeanor crime of violence committed -

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the alleged victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction which the crime of violence occurred;
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
 - The State of Georgia does not have any specific law regarding Domestic Violence. If a crime of battery occurs and the elements listed in the above definition exist regarding the relationship between the perpetrator and the victim, then it is indicated on the arrest warrant under O.C.G.A. 19-13-1 referred to Family Violence.

Dating Relationship is defined by O.C.G.A. 19-13A-1(1) as "a committed romantic relationship characterized by a level of intimacy that is not associated with mere friendship or between persons in an ordinary business, social, or educational context; provided, however, that such term shall not require sexual involvement."

Dating Violence is defined by O.C.G.A. 19-13A-1(2) as "the occurrence of one or more of the following acts between persons through whom a current pregnancy has developed or persons currently, or within the last twelve months were, in a dating relationship:

(A) Any felony; or

(B) Commission of the offenses of simple battery, battery, simple assault, or stalking."

For the purposes of this definition, dating violence includes but is not limited to, sexual or physical abuse or the threat of such abuse. In Georgia, the term domestic violence is not defined but family violence is defined under O.C.G.A. 19-13-1 as "The occurrence of one or more of the following acts between past or present spouses, persons who are parents of the same child, parents, and children, stepparents and stepchildren, foster parents, and foster children, or other persons living or formerly living in the same household: (1) any felony or (2) commission of offenses of battery, simple battery, simple assault, assault, stalking, criminal damage to property, unlawful restraint, or criminal trespass".

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition:

- *Course of conduct* means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors,

observes, surveys, threatens, or communicates to or about a person, or interferes with a person's property.

- *Reasonable person* means a reasonable person under similar circumstances and with similar identities to the victim.
- *Substantial emotional distress* means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

O.C.G.A 16-5-90 defines Stalking as follows:

(a) (1) A person commits the offense of stalking when he or she follows, places under surveillance, or contacts another person at or about a place or places without the consent of the person for the purpose of harassing and intimidating the other person.

(2) A person commits the offense of stalking when such person in violation of a bond to keep the peace posted pursuant to Code Section 17-6-110, standing order issued under code Section 19-1-1, temporary restraining order, temporary protective order, permanent restraining order, permanent protective order, preliminary injunction, or permanent injunction or condition of pretrial release, condition of probation, or condition of parole in effect prohibiting the harassment or intimidation of another person, broadcasts or publishes, including electronic publication, the picture, name, address, or phone number of a person for whose benefit the bond, order, or condition was made and without such person's consent in such a manner that causes other persons to harass or intimidate such person and the person making the broadcast or publication knew or had reason to believe that such broadcast or publication would cause such person to be harassed or intimidated by others."

Procedure for Reporting Sexual Violence, Dating Violence, Domestic Violence, and Stalking

All students are encouraged to report incidents of sex discrimination and sexual misconduct against themselves or others to the Title IX Coordinator and Counseling & Special Services Director located on the Jesup Campus, Student Affairs Suite, Room J-1159, 1777 W. Cherry Street, Jesup, GA 31545, (912) 424-3645. Students may find contact information for the Title IX Coordinator on the Coastal Pines Technical College website, and in the Catalog and Student Handbook. Complaints may also be emailed to unlawfulharassment@tcsg.edu.

Complaints under this procedure can be expressed in writing, by telephone, or in person; individuals are encouraged to express complaints in writing to ensure all concerns are addressed.

Any allegation of sex discrimination, sexual misconduct or retaliation against employees must be reported to the Human Resources Director and the Title IX Coordinator.

All allegations of sex discrimination and sexual misconduct on one of CPTC's campuses, instructional sites, or clinical site locations must be reported to the Title IX Coordinator regardless of whether the allegations involve students or employees.

Student's Rights:

Students have the right to file (or not to file) a criminal complaint for sexual violence with the local law enforcement authorities before, during, or after filing a complaint with the College. The investigation under this procedure shall not be unreasonably delayed to await the outcome of any criminal investigation. Sexual violence reports made to the Title IX Coordinator will be investigated and adjudicated separately from any criminal complaints. A student may request that the Title IX Coordinator and/or the System-wide investigator assist the student with notifying local law enforcement authorities. If a CPTC Police Officer receives a complaint alleging sexual harassment and/or sexual misconduct as defined in this procedure, the Title IX Coordinator for the College shall be immediately notified so that appropriate action may be taken by the Title IX Coordinator regarding the complaint.

If a student filing a complaint alleging sexual misconduct requests confidentiality, anonymity or asks that the complaint not be pursued, the College must inform the complainant that its ability to respond may be limited, that retaliation for filing a complaint is prohibited, and that steps to prevent harassment and retaliation will be taken. Consistent with the request, all reasonable steps to investigate and respond to the complaint should be made and other steps to limit the effects or recurrence of the alleged misconduct will be taken.

Regardless of a student's request for confidentiality, anonymity of a complaint, or a request that a complaint not be pursued, if the complaint includes allegations of sexual assault, sexual violence, domestic violence, dating violence, or stalking, the Title IX Coordinator must report the incident to CPTC Police Department for inclusion in the College's Annual Security Report ("ASR"). The complainant should be informed that their name will not be disclosed to CPTC Police Department if they have requested confidentiality during the processing of the complaint.

Colleges may weigh a request for confidentiality, anonymity or a request they not pursue a complaint considering the following factors: the seriousness of the alleged conduct, the complainant's age, whether there have been other complaints about the same individual, and the respondent's right to receive information about the allegations if the information is maintained as an "education record" under FERPA. The College must inform the complainant if the request cannot be granted and the reasons for the denial.

Reports concerning all prohibited conduct referenced in this procedure will be processed confidentially to the extent permitted by law; communications regarding complaints will be disseminated to others on a need-to-know basis to ensure that necessary steps are taken to protect the community as a whole and that appropriate corrective actions are considered and taken.

If an allegation of sex discrimination or sexual misconduct is made to an employee not designated to receive such reports, the employee receiving the complaint must report the allegation to the Title IX Coordinator. The College must take corrective actions to stop harassment to which it has notice, prevent recurrence of the harassment, and remedy the effects on the complainant promptly and effectively. The College will be deemed to have notice if a responsible employee knew, or in the exercise of reasonable care should have known, about the harassment. A responsible employee includes any employee who has the authority to take action to redress the harassment, who has a duty to report the harassment to the Title IX Coordinator, or who a student could reasonably believe has this authority or responsibility, including instructors and staff at the College.

Allegations of any sexual conduct involving individuals under the age of 18 must also be reported as an allegation of child abuse as outlined in O.C.G.A. § 19-7-5.

Supportive protective measures may be imposed by the College President or the Title IX Coordinator or his/her designee before the final outcome of an investigation and until final resolution of the allegations if failure to take the supportive measures would constitute an immediate threat to the safety and well-being of the complainant, the respondent, or other members of the College, or to ensure equal access to the College's programs and activities. Supportive measures may include: adjustments to academic workload (including extending deadlines); adjustment to class or work schedules; no contact orders; and suspensions, transfers or reassignments in order to prevent further harassment, discrimination, sexual violence or retaliation, to facilitate the investigation, or to implement preventive or corrective actions under this procedure.

1. CPTC will take all reasonable steps to prevent unlawful retaliation against complainants and any other individuals participating in investigations under this procedure.
2. If prohibited conduct is determined to have occurred following the investigation, steps shall be taken to prevent a recurrence and to correct the discriminatory effects on the complaining party and others as appropriate. Steps may include, but are not limited to, mandating training or evaluation, disciplinary sanctions, policy implementation, issuing no-contact orders, or reassignment of students or employees. Disciplinary sanctions for students are defined in CPTC Procedure governing Student Discipline and may include: reprimand, restriction, disciplinary probation, disciplinary suspension, and

disciplinary expulsion. Disciplinary sanctions for employees are defined in CPTC's Positive Discipline Procedure and may include: formal reminders, decision making leave, or dismissal.

3. The severity of sanctions or corrective actions may depend on the severity, frequency and/or nature of the offense, history of past discriminatory, harassing, or retaliatory conduct, the respondent's willingness to accept responsibility, previous College response to similar conduct, and the College's interests in performing its education mission. Should recommended disciplinary sanctions involve academic suspension or expulsion, the matter must be referred to the Vice President for Student Affairs, as provided by the College's Student Code of Conduct and Disciplinary Procedure.
4. Even in the absence of sufficient evidence to substantiate a finding that sex discrimination, sexual misconduct or retaliation has occurred, the College is expected to address any inappropriate conduct and take all reasonable steps to prevent any future sex discrimination, harassment, sexual violence or retaliation.
5. Individuals who are responsible for conducting investigations or proposing sanctions under this procedure may not also serve as reviewing officials or hearing officers in the appeal of sanctions arising from an investigation.

A Title IX complaint may be filed in writing, by telephone or in person and may be reported to a College official who will in turn report the complaint to the TCSG Title IX investigator. All information with regard to the investigation is to be kept confidential unless a release is approved. An official notice of investigation will then be sent to the Complainant and the Respondent. Both parties should obtain Advisors to help guide them through the process and cross examine any witnesses during the hearing. The Advisor must be trained in the process. If either party cannot identify an advisor, the College MUST provide one for them.

A President or other designee of the Commissioner may suspend with pay, temporarily transfer or reassign employees involved in an investigation in order to prevent further harassment or to facilitate the effectiveness of an investigation. Whenever possible, any changes in assignment or work status for a complainant should not be made. A suspension with pay is not a disciplinary action.

The Title IX Investigator will collect all evidence and interview all parties involved. It is important that all parties preserve any documents or other evidence which may pertain to the investigation. Any medically related evidence is best preserved by trained medical personnel. The complainant is encouraged to seek medical services for both treatment as well as preservation of evidence.

The Investigator will evaluate the information collected during the investigation and determine whether a preponderance of the evidence substantiates the allegations. Investigations and summary findings will be documented appropriately. Any evidence collected during the investigation should be maintained in accordance with the TCSG record retention requirements. Personally-identifiable information, including, but not limited to home addresses, telephone numbers, student identification numbers or social security numbers should not be maintained in the investigative records.

All investigations should be completed within 45 calendar days of receiving the complaint. Both the complaining party as well as the respondent will be given equal opportunity to identify witnesses and offer evidence. The investigative report will be provided to both parties and they will be given 3 business days to submit a written response to the report before it is finalized. Following this review, a date is set for the live hearing.

During the live hearing, the Advisors will be allowed to cross examine the other party as well as any and all witnesses. The two parties are not allowed to cross examine each other. If requested, the parties can be separated into different rooms for the live hearing. The Decision-Maker (a professional appointed by the TCSG Commissioner, experienced and trained in adjudicating matters of civil rights, sexual harassment and/or sexual violence and trained on the Title IX procedure who will preside over the hearing and will issue the written determination regarding responsibility) listens to the cross examinations and may also conduct his/her own fact finding during the live hearing. Following the live hearing, the Decision-Maker

issues a written determination which makes findings of fact, rationale for decisions, sanctions imposed (if any) and explanation of the appeal process.

Either party may appeal the written determination to the TCSG Commissioner. If appealed to the TCSG Commissioner, the Commissioner will review the written appeal documents from the parties, make a decision and that decision is final.

Title IX is specific to behavior and discrimination based on the protected characteristics of sex (gender). Complaints of discrimination based on other protected characteristics (race, color, religion, national origin, genetic information, age of disability) are equity complaints, and will be investigated by the Equity Coordinator at the College. Title IX investigations are NOT criminal investigations, but in cases of potential criminal behavior (ex. Sexual assault), they may run parallel to a criminal investigation

The Colleges will take all reasonable steps to prevent unlawful retaliation against complainants and any other individuals participating in investigations under this procedure.

If prohibited conduct is determined to have occurred following the investigation, steps shall be taken to prevent a recurrence and to correct the discriminatory effects on the complaining party and others as appropriate. Steps may include, but are not limited to, mandating training or evaluation, disciplinary sanctions, policy implementation, issuing no-contact orders, or reassignment of students or employees.

Disciplinary sanctions for students are defined in TCSG Procedure governing Student Discipline and may include: reprimand, restriction, disciplinary probation, disciplinary suspension, and disciplinary expulsion.

Disciplinary sanctions for employees are defined in TCSG's Positive Discipline Procedure and may include: formal reminders, decision making leave, or dismissal.

The severity of sanctions or corrective actions may depend on the severity, frequency and/or nature of the offense, history of past discriminatory, harassing, or retaliatory conduct, the Respondent's willingness to accept responsibility, previous college response to similar conduct, and the college's interests in performing its education mission. Should recommended disciplinary sanctions involve academic suspension or expulsion, the matter must be referred to the Vice President for Student Affairs, as provided by the College's Student Code of Conduct and Disciplinary Procedure.

Even in the absence of sufficient evidence to substantiate a finding that sex discrimination, sexual misconduct or retaliation has occurred, colleges are expected to address any inappropriate conduct and take all reasonable steps to prevent any future sex discrimination, harassment, sexual violence or retaliation.

Reviews and Dispositions

Any of the parties to a complaint under this procedure may request a review of the investigative findings within 5 business days of receiving notice of the investigative results by submitting a written request to the President.

Within 10 business days of receiving a request for a review of the investigative findings, the President of the College will notify the parties in writing, which may be sent via email, of his/her final determination, including any change in the result of the findings.

Disciplinary Sanctions

Based on the severity of the incident, the Vice President for Student Affairs may take one of two actions:

1. After a determination that a student has violated the Student Code of Conduct, the Vice President for Student Affairs or the College President's designee may impose, without Action to the Hearing Body, one or more of the following sanctions. Notification shall be sent to the student and the person(s) who initially filed the complaint.
 - a. **Restitution** – A student who has committed an offense against property may be required to reimburse the Technical College or other owner for damage to or misappropriation of such

property. Any such payment in restitution shall be limited to the actual cost of repair or replacement.

- b. **Reprimand** – A written reprimand may be given to any student. Such a reprimand does not restrict the student in any way, but it signifies to the student that he/she is in effect being given another chance to conduct himself/herself as a proper member of the Technical College community, and that any further violation may result in more serious sanctions.
 - c. **Restriction** – A restriction upon a student's privileges for a period of time may be imposed. This restriction may include but is not limited to denial of the right to represent the Technical College in any way, denial of use of facilities, alteration or revocation of parking privileges, or restrictions from participating in extracurricular activities.
 - d. **Disciplinary Probation** – Continued enrollment of a student on probation may be conditioned upon adherence to specified terms. Any student placed on probation will be notified of the terms and length of probation in writing. Any conduct determined after due process to be in violation of these terms while on probation may result in the imposition of more serious disciplinary sanctions, as specified by the terms of probation.
 - e. **Failing or lowered grade** – In cases of Academic Misconduct, the Vice President for Student Affairs or the Technical College President's designee will make a recommendation to the Vice President for Academic Affairs or his/her designee who may authorize the instructor to award a failing or lowered grade in the course, or a loss of credit on the assignment or examination.
2. After a determination that a student has violated the Student Code of conduct, the Vice President for Student Affairs or the Technical College President's designee may recommend the imposition of one of the following sanctions if appropriate. The Vice President for Student Affairs' recommendation will be forwarded to the Hearing Body, which may impose one or more of the following sanctions, as well as those described above, following a hearing. A copy of the written recommendation shall be provided to the student and the person filing the complaint
- a. **Disciplinary Suspension** – If a student is suspended, he/she is separated from the Technical College for a stated period of time. Conditions of reinstatement, if any, must be stated in the notice of suspension.
 - b. **Disciplinary Expulsion** – Removal and exclusion from the Technical College, Technical College controlled facilities, programs, events, and activities. A record of the reason for the student's dismissal is maintained by Vice President for Student Affairs or the Technical College President's designee. Students who have been dismissed from the Technical College for any reason may apply in writing to the Vice President for Student Affairs for reinstatement twelve (12) months following the expulsion. If approval for reinstatement is granted, the student will be placed on disciplinary probation for a specified term. The probationary status may be removed at the end of the specified term at the discretion of the Vice President for Student Affairs or the Technical College President's designee.
 - c. **System-Wide Expulsion** – Where a student has been expelled or suspended three times from the same or different colleges in the Technical College System of Georgia in the past seven years, the student will not be permitted to register at any college in the Technical College System of Georgia for a period of ten years after the most recent expulsion/suspension.
3. **Violation of Federal, State, or Local Law**
- a. If a student is convicted or pleads nolo contendere to an off-campus violation of federal, state, or local law, but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to the Technical College's vital interests and stated mission and purpose.
 - b. Disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of the Student Code of Conduct if both violations result from the same factual situation, without regard to criminal arrest and/or prosecution. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings.
 - c. When a student is charged by federal, state, or local authorities with a violation of law, the Technical College will not request or agree to special consideration for that individual because of his/her status as a student. The Technical College will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their

personal capacities, remain free to interact with governmental representatives as they deem appropriate.

4. **Supportive measures Disciplinary Suspension** – As a general rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the allegations against him/her. However, supportive measures suspension may be imposed upon a finding by the Vice President for Student Affairs or his/her designee that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and wellbeing of the accused student or any other member of the Technical College community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of classroom or other Technical College-related activities. If an supportive measures disciplinary suspension is imposed, the matter must be referred as soon as possible to the Hearing Body. The student need not request an appeal.
5. **Conditions of Disciplinary Suspension and Expulsion**
 - a. A student who has been suspended or expelled from the Technical College shall be denied all privileges afforded a student and shall be required to vacate technical college Premises at a time determined by the Vice President for Student Affairs or the Technical College President's designee.
 - b. In addition, after vacating the Technical College Premises, a suspended or expelled Student may not enter upon the Technical College premises at any time, for any purpose, in the absence of written permission from the Vice President for Student Affairs or the Technical College President's designee. A suspended or expelled student must contact the Vice President for Student Affairs or the Technical College President's designee for permission to enter the Technical College premises for a limited, specified purpose.
 - c. If the student seeks to submit a signed Disciplinary Sanction Appeal Form, the Vice President for Student Affairs or the Technical College President's designee must accept the form by mail or fax if he/she refuses the student's request to enter the Technical College premises for that specified purpose.
 - d. A scheduled appeal hearing before the Hearing Body shall be understood as expressed permission from the Vice President for Student Affairs or the Technical College President's designee for a student to enter the Technical College premises for the duration of that hearing.

Hearing/Appeals Procedure

1. A student who wishes to appeal a disciplinary decision by the Vice President for Student Affairs or the Technical College President's designee regarding an assigned sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade must file a written notice of appeal through the Technical College President's office for review by the Hearing Body within five business days of notification of the decision. The person filing the initial complaint against the student must be notified of the hearing date.
2. If the Vice President for Student Affairs or the Technical College President's designee recommended a sanction of disciplinary suspension, disciplinary expulsion, supportive measures disciplinary suspension, or system-wide expulsion, the matter will be referred to the Hearing Body by the Vice President for Student Affairs. The student need not file a written notice of his or her desire to appear before the Hearing Body. The person filing the initial complaint shall also be given notification of the hearing.
3. The student will then have the right to appear in a hearing before a Hearing Body assigned by the Technical College President or his/her designee within 10 business days to present evidence and/or testimony. If the student has been placed on an supportive measures disciplinary suspension, the hearing must be held as soon as possible, preferably within five days. The student has the right to be assisted by any single advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a Hearing Body. The Hearing Body may consist of a single person or a group of people drawn from the Technical College community. There shall be a single official record, such as a tape recording, of all hearings before the Hearing Body. The official record shall be the property of the Technical College. The standard of proof in all hearings shall be a preponderance of the evidence. The chairperson of the Hearing Body shall notify the Technical College President and the Vice President for

Student Affairs in writing of the Hearing Body's decision. The Technical College President or his/her designee will notify the student in writing of the Hearing Body's decision.

4. If the student appeared before the Hearing Body to appeal the Vice President for Student Affairs or the Technical College President's designee's sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the Hearing Body's decision regarding the appeal is final. A copy of the Hearing Body's written decision will be provided to both the student and the person who filed the original complaint.
5. If the student appeared before the Hearing Body after the Vice President for Student Affairs or the Technical College President's designee recommended disciplinary suspension, disciplinary expulsion, supportive measures disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the Technical College President.
6. If entitled to an appeal to the Technical College President, the student shall have 5 business days after receiving written notification of the Hearing Body's decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student's appeal.
7. The President of the Technical College or his/her designee's review shall be in writing and shall only consider evidence currently in the record, new facts not brought up in earlier stages of the appeal shall not be considered. The Technical College President or his/her designee shall deliver the decision to the student and the person who filed the original complaint within 10 business days. The decision of the Technical College President or his/her designee shall be final and binding.

Document Retention

The Vice President for Student Affairs or the Technical College President's designee shall retain a copy of all documents concerning complaints, investigations, administrative actions, and communications in relation to any incident that resulted in a disciplinary investigation of any kind against a student. The Vice President for Student Affairs or the Technical College President's designee will also retain records of any disciplinary appeals filed by the affected student, as well as the resulting record of appeal and decision submitted by the Hearing Body and the Technical College President or his/her designee. A record of the final decision must also be retained. All records specified in this section shall be retained for a period of five years.

Education and Prevention Programs

Coastal Pines Technical College seeks to prevent sexual assault, educate, and promote awareness of rape, acquaintance rape and other forcible and non-forcible sex offenses by offering educational presentations, publications, and videos to students upon request. Information is also available to students through *The Department of Justice Violence Against Women Office* at www.ovw.usdoj.gov.

Coastal Pines Technical College is committed to the health and welfare, and success of all our students. As part of our comprehensive prevention efforts for new students, Coastal Pines Technical College expects students to complete **Get Inclusive** training. These online courses are thoughtful and educated programs provided through **Get Inclusive** for adults committed to thinking about their life choices.

Coastal Pines Technical College has collaborated with **Get Inclusive**, whose mission is to help students address critical life skills such as alcohol abuse prevention, sexual assault prevention and financial literacy, in high schools and higher education institutions across the country. This information is given out at New Student Orientation as well as emailed to all students.

CPTC information on policy and procedure for unlawful harassment and discrimination can be found on the CPTC website. Click on MYCPTC tab and look for the College handbook in the dropdown menu. It is listed under Student Code of Conduct. Unlawful Harassment and Discrimination information is emailed to all students each semester by Counseling and Special Services. Grievance complaint forms and Student Code of Conduct forms can be found on the CPTC website; click on MYCPTC tab and look for the Grievances in the side menu. Contact information for compliance officers for students is provided during New Student Orientation, on CPTC website and in the CPTC Student Handbook.

The College is committed to providing a safe, secure educational and work environment where individuals are free from threat of sexual assault or other crimes involving force or intimidation. Persons who believe they have been sexually assaulted or been subjected to any sexual offense on campus should immediately report the incident to the CPTC Police or to a local law enforcement office by calling 911. College personnel will assist victims in notifying appropriate law enforcement authorities if requested.

The institution will provide written notification to students and employees about

- Existing counseling
- Health
- Mental health
- Victim advocacy
- Legal assistance
- And other services available for victims both within the institutions and in the community

The institution will provide written notification to victims about options available for assistance in how to request changes to:

- Academic,
- Living,
- Transportation,
- and working situations or protective measures.

CPTC strongly encourages members of the community to report instance of sexual misconduct promptly. Victims of sexual assault should call the CPTC Police, at 912-287-4027 or 911. Victims do not have to press charges. By having a rape kit completed to collect evidence at the time of the assault, victims can press charges later. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 120 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order.

Victims of Sexual Assault

In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, which would be useful to College hearing boards/investigators or police. Although CPTC strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether to make such a report and victims have the right to decline involvement with the police. CPTC will assist any victim with notifying local police if they so desire.

A victim of a sexual assault may request changes to their academic schedule after the assault. The institution must make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to CPTC Police Department or local law enforcement. Changes will be made when requested and reasonably available.

Temporary Protective Orders (TPO)

Further, Coastal Pines Technical College complies with Georgia law in recognizing temporary protective orders (TPO). Any person who obtains a temporary protective order from Georgia or any reciprocal state should provide a copy to the CPTC Police Department and the Office of the Title IX Coordinator. A complainant may then meet with the CPTC Police Department to address risk reduction strategies on campus. This plan may include, but is not limited to escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home.

Who is Eligible to Apply for a TPO?

Before an application for a TPO can be made, an act of family violence or stalking must have occurred. The following parties are eligible to apply:

- Spouse (present or past)
- Parents of the same children
- Parents and children
- Step-parents and step-children
- Foster parents and foster children
- Person living or formerly living in the same household

How to Obtain a TPO

Coastal Pines Technical College cannot apply for a temporary protective order for a victim. When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights and options. The victim is required to apply directly for these services. CPTC Police Department will provide information for parties seeking temporary protective orders.

If there is a finding by the judge that there is probable cause to believe that an act of family violence has occurred in the past and may occur in the future, the Court may order such relief as deemed appropriate.

After the responding party has been served with a copy of the order by an agent of the court, a hearing will be held. Both parties will have the opportunity to be present at the hearing. An assisting Superior Court Judge will determine by a preponderance of the evidence if it is warranted to continue the protective order for a period up to 12 months. If you do not fit the criteria above to qualify for a TPO you can file for a **stay away order** at your local magistrate court.

Active Bystander

Active Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. A culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm is promoted. If someone is in immediate danger, Call 911. This could be when a person is yelling or being physically abusive towards another and it is not safe to interrupt. Below is a list of some ways to be an active bystander:

- **Create a distraction:** Do what you can to interrupt the situation. A distraction can give the person at risk a chance to get to a safe place.
- **Ask Directly:** Talk directly to the person who might be in trouble.
- **Refer to an authority:** Sometimes the safest ways to intervene is to refer to a neutral party with the authority to change the situation like a police officer or security guard.
- **Enlist Others:** It can be intimidating to approach a situation alone. Enlist another person to support you.
- **Your Actions Matter:** Whether or not you were able to change the outcome, by stepping in you are helping to change the way people think about their role in preventing sexual assault.

Criminal Trespass Warning

The College may issue a criminal trespass warning to the extent of the victim's cooperation and consent, College Police Officers will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of the formal investigation of the complaint. The victim's personal identifiable information will be treated as confidential and only shared with persons who have a specific need to know in order to complete the investigation/adjudication of the complaint, or deliver resources, or support service to the complainant. Further, the College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability for the College to provide the accommodations or protective measures.

The College does not publish the name of crime victims in the CPTC Police Department's Daily Crime Log or online. The College does maintain public directory information on students but does not have public directory information on employees. Victims may request that directory information on file be removed from public sources.

Risk Reduction

The following tips may reduce your risk for many different types of crimes, including sexual violence (taken from Rape, Abuse & Incest National Network, rainn.org).

1. **Know your resources.** Who should you contact if you or a friend needs help? Where should you go? Know how to locate your local CPTC Police Department and a local sexual assault service provider. Program the CPTC Chief of Police and Officer's number into your cell phone for easy access.
2. **Stay alert.** When you are moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking a CPTC Police Officer for an escort. If you are alone, only use headphones in one ear to stay aware of your surroundings.
3. **Be careful about posting your location.** Many social media sites, like Facebook and Snap Chat, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.
4. **Make others earn your trust.** A college environment can foster a false sense of security. They may feel like fast friends but give people time to earn your trust before relying on them.
5. **Think about Plan B.** Spend some time thinking about back-up plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you cannot use a credit card? If you drive, is there a spare key hidden, gas in your car, and a set of jumper cables?
6. **Be secure.** Lock your door and windows when you are asleep and when you leave the room. If people constantly prop open the main door to the apartment, tell security or a trusted authority figure.
7. **Have a code word.** Develop a code with friends or family that means "I'm uncomfortable" or "I need help." It could be a series of numbers you can text, like "311." It might be a phrase you say out loud such as, "I wish we took more vacations." This way you can communicate your concern and get help without alerting the person who is pressuring you.
8. **Think of an escape route.** If you had to leave quickly, how would you do it? Locate the windows, doors, and any other means of exiting the situation. Are there people around who might be able to help you? How can you get their attention? Where can you go when you leave?

Safety in Social Settings

You can take steps to increase your safety in situations where drinking may be involved. These tips can help you feel safer and may reduce the risk of something happening, but, like any safety tips, they are not foolproof. It is important to remember that sexual assault is never the victim's fault, regardless of whether they were sober or under the influence of drugs or alcohol when it occurred.

1. **Make a plan.** If you are going to a party, go with people you trust. Agree to watch out for each other and plan to leave together. If your plans change, make sure to touch base with the other people in your group. Don not leave someone stranded in an unfamiliar or unsafe situation.
2. **Protect your drink.** Do not leave your drink unattended and watch out for your friends' drinks if you can. If you go to the bathroom or step outside, take the drink with you or toss it out. Drink from unopened containers or drinks you watched being made and poured. It is not always possible to know if something has been added to someone's drink. In drug-facilitated sexual assault, a perpetrator could use a substance that has no color, taste, or odor.
3. **Know your limits.** Keep track of how many drinks you have had and be aware of your friends' behavior. If one of you feels extremely tired or more drunk than you should, you may have been drugged. Leave the party or situation and find help immediately.
4. **It is okay to lie.** If you want to exit a situation immediately and are concerned about frightening or upsetting someone, it is okay to lie. You are never obligated to remain in a situation that makes you

feel uncomfortable, pressured, or threatened. You can also lie to help a friend leave a situation that you think may be dangerous. Some excuses you could use are needing to take care of another friend or family member, an urgent phone call, not feeling well, and having to be somewhere else by a certain time.

5. **Be a good friend.** Trust your instincts. If you notice something that does not feel right, it probably isn't.
6. **Know what you are drinking.** If you do not recognize an ingredient? Use your phone to look it up. Consider avoiding large-batch drinks like punches or "jungle juice" that may have a deceptively high alcohol content. There is no way to know exactly what was used to create these drinks.
7. **Trust your instincts.** If you feel unsafe, uncomfortable, or worried for any reason, don't ignore these feelings. Go with your gut. Get somewhere safe and find someone you trust or call law enforcement.
8. **Do not leave a drink unattended.** That includes when you use the bathroom, go dancing, or leave to make a phone call. Either take the drink with you or throw it out. Avoid using the same cup to refill your drink.
9. **Do not accept drinks from people you do not know or trust.** This can be challenging in some settings, like a party or a date. If you choose to accept a drink from someone you have just met, try to go with the person to the bar to order it, watch it being poured, and carry it yourself.

Counseling and Education Resources

A variety of counseling services and treatment centers are available throughout Georgia for anyone experiencing problems related to substance abuse. Although most counseling and treatment centers charge for their services, some programs are free of charge. Students and employees should avail themselves of sources to identify the services or programs that most closely meet their specific needs.

Consistent with its educational mission, Coastal Pines Technical College provides useful and informative educational programs on drug/alcohol abuse. Counseling and Special Services will send out the information to students concerning drug and alcohol education and prevention each semester. Students are offered an educational resource for alcohol and drug awareness and education. This program combines the latest prevention techniques and research to educate students about the impact of alcohol.

Revised: January 12, 2016

Last Reviewed: January 12, 2016

Adopted: March 9, 2007

PURPOSE:

The purpose of this procedure is to ensure that all employees of the Technical College System of Georgia are provided an environment free of unlawful discrimination, harassment (including sexual harassment) and retaliation.

All employees are expressly prohibited from engaging in any form of unlawful discrimination or harassment. Any employee who has engaged in such prohibited behaviors or conduct will be subject to disciplinary action, up to and including dismissal.

All employees are required to report any act of unlawful discrimination and harassment. Reports will be treated in an expeditious and confidential manner to the extent provided by law.

TCSG will not tolerate retaliation for having filed a good faith complaint of unlawful discrimination or harassment or for having provided any information in an investigation of such. Any employee who retaliates against a complainant or witness in an investigation will be subject to disciplinary action, up to and including dismissal.

Employees in a supervisory or managerial capacity are prohibited from knowingly permitting unlawful discrimination, harassment or retaliation in their assigned work unit(s) and from making sexual advances, welcome or unwelcome, toward any subordinate.

The harassment of an employee by a non-employee (e.g. vendor, contractor, etc.) in conjunction with the performance of his/her assigned duties and responsibilities and the harassment of a non-employee by an employee will not be tolerated.

Conduct which does not rise to the level of unlawful harassment may still violate other policies or procedures and subject an employee to disciplinary action, up to and including dismissal from employment.

2. If the results of the investigation do not support a finding of unlawful discrimination, harassment

or retaliation, or other policy violations, the matter will be closed and the parties notified of such.

3. If the results of the investigation support a finding of unlawful harassment, discrimination or retaliation or any other policy violation, the President shall promptly take any necessary action to ensure the conduct is not repeated. Actions may include, but not be limited to, mandating training, issuance of disciplinary actions, or dismissal from employment.
4. Both the complainant and the respondent will be notified in writing of the results of the investigation; provided, however, that if disciplinary action is to be initiated as a result of the investigation, neither party will be notified until all disciplinary actions are taken.
