You have made a commitment to yourself and your future. Be a responsible borrower – you do not want to default on your student loan. Default is the failure to repay your loan according to the terms of the promissory note. If you have/had a student loan in default within the past 24 months prior to the first day of the semester, you cannot take on additional loans to use for return to Coastal Pines Technical College.

Loan default has serious consequences:

- Your entire loan balance (principal and interest) may be due in full immediately.
- You may lose eligibility for loan deferment/forbearance.
- Your account may be turned over to a collection agency and you will have to pay additional charges, late fees and collection costs, all of which become part of your debt.
- Your credit rating will be damaged for several years because defaulted loans are reported to national credit bureaus.
- You will have difficulty qualifying for credit cards, a car loan, a mortgage, or renting an apartment (credit checks are required to rent an apartment).
- You can be sued for the entire amount of the loan.

Helpful Educational Loan Definitions

- **Capitalization** increases your loan principal balance and you will then have to pay interest on the increased loan principal amount. If you allow interest to be capitalized, the total amount you repay over the life of your loan will be greater than if you paid the interest as it accrued.
- A **deferment** is a period of time in which your repayment obligation to your loan holder may cease.
- **Disbursement** is the process by which loan funds are applied directly to your student account.
- A **forbearance** is a period of time in which your repayment obligation to your loan holder may be reduced.
- **Grace period** is the specified period after you graduate, leave school, or drop below half-time enrollment during which you may not be required to make payments or may only be required to make minimal payments. The repayment period begins at the end of the grace period.
- **Interest** is a charge for using borrowed money. Everyone has to pay interest no matter what type of loan they have; education loans are no different.
- **Loan** is the money borrowed from a lending institution that must be repaid
- **Loan Default** is the failure to repay a loan according to the terms agreed to.
- An **Origination Fee** is fee charged by the lender at the time the loan is originated, and is deducted from the proceeds prior to disbursement to the institution.
- **Promissory Note** is a binding legal document that you signed before receiving your educational loans and by which you agreed to repay your loan(s). This also contains a Borrower's Rights and Responsibilities statement that explains the terms and conditions of the loans you received. It is very important to read and save the Promissory Note because you will need to refer to it later when you begin repaying your loan.
- A **repayment schedule** is a disclosure that provides you, as the borrower, a monthly payment amount, interest rate, total repayment obligation, due date information, and length of loan repayment.
