NOTE to ADVISORS: You should not sign this form until the student has completed the form in its entirety. Please be aware that it is important for a student who has an active SAP Educational Plan to only take as many hours as they can complete successfully. Students often request to be full-time (12 or more hours) in order to receive their full PELL funds, but that may not be advisable given their SAP situation. While you cannot stop a student from registering for additional hours, you can explain the possible ramifications and discuss a plan of success for the student. This discussion should include the student's commitment as well as the advisors commitment to the student's success.
